

Here's what customers are saying about IAB

"IAB provided me with amazing service from beginning to end. When you experience great difficulty with a storm or a flood or fire, you need someone on your side. IAB negotiates with your insurance company, arranges for service people, and is available day and night in an emergency."

Amy Jo Salasin Rosenthal | Yelp

IAB did an excellent job in handling our claim... and provided expertise in every aspect of the claim.

"IAB did an excellent job in handling our claim. Adjusters got back to us when we had questions and provided expertise in every aspect of the claim. They handled communications and resolved the claim in a timely matter. We greatly appreciate the professionalism and attention to detail."

"IAB is amazing. I am so glad we hired them.

I would have been lost without them. We had a fire and it was devastating. IAB was there to guide us through every step — from the night of the fire, through the inventory and additional living expenses, to the final settlement. We were compensated for things we wouldn't have even thought we were entitled to ask for. They were always available to answer my questions (even when I asked more than once). There is so much to take care of in a situation where you lose your home. I am so thankful to have had the guys at IAB walk through the process with us."

"They came out with a team of people and did everything for us.

IAB helped us inventory our belongings, met with the insurance company and fought to get us a great settlement. They are positively unbelievable and great. Super company to deal with. Thank you IAB!"

"I was very happy with IAB's professionalism and detailed assessment of our losses from intense flooding.

IAB put our minds at ease, and removed that constant feeling of overwhelming anxiety — mostly our fear of not getting what we were promised by our insurance policy. In the end, we were happy with our settlement, and honestly couldn't have done it without them."

This is an awesome company... they truly care about you.

"IAB made the insurance claim journey so easy after a tree fell on our house from a wind storm.

They definitely helped maximize our claim and got us money we never would have seen otherwise. Highly recommend!"

"I was returning home to New Jersey from work in Philadelphia.

As I turned onto my street, the area was crowded with fire companies... My home was totally ravaged by fire. Everyone was safe, but we had only the clothes on our backs!

Adjusters and unscrupulous people seemed to appear out of nowhere. They only saw an opportunity to cash in on our disaster. I called friends and that's when IAB was highly recommended!

Ira, Mike, and (the) entire staff were kind, hard-working, and ALWAYS there for us. They truly made the best out of the most incredible and traumatic event of our lives! We will forever be grateful to Ira and his company for all of their efforts and time!"

If it were not for IAB we would not have had a new home... They were unbelievable.
